

BYONIK®

DR RAVI JAIN - A BYONIK EXPERT

RIVERBANKS
— WELLNESS —

An expert comment from Dr Ravi Jain, owner of Riverbanks wellness clinic in Harpenden and pioneer of the BYONIK® Pulse Triggered Laser and treatment in the UK.

“Your skin health is important not only in terms of your appearance, but also because the skin performs so many essential tasks for your body. Your skin protects your body from the many viruses and bacteria you are exposed to

daily, not to mention having to deal with internal stress factors, adjustment to working and daily conditions as well as temperature and exposure changes. Nurturing and maintaining a healthy skin also supports your mindset, confidence and emotional state, which is especially important at the moment given the current pandemic and not being able to have regular in-clinic treatments.

Therefore, during the current uncertainty and these times of change, it is vitally important to choose your skin care maintenance well. This allows us to continue to look and feel like ourselves and be ready to pick up from where we left off with our clinical treatments. Preserving collagen and elastin, stimulating the cell turnover with active ingredients, important peptides and stem cells, which all spur on rejuvenation and strengthen immunity and optimal skin functionality.

At Riverbanks a treatment that most of our patients love and have experienced regularly is the BYONIK® facial. The BYONIK® was a great addition to Riverbanks, particularly to our aesthetic skin practice. It treats conditions such as mild Rosacea, Acne, age lines and does make significant changes and improvements to the skin and long-term skin health. One of the reasons I was very interested in the BYONIK® was the technology particularly the use of pulse triggered low level laser. The evidence behind it is very impressive, particularly when increasing the penetration of actives into the skin without causing any trauma and supporting skin function, barrier, immunology and overall skin repair. If you would like to find out more, we are currently offering online consultations and I'd be very happy to talk to you".

NB: Free online consultations with Dr Jain only available to those who book via the app <http://riverbanksclinic.co.uk/download-app>

IMMUNE BOOSTING SKINCARE

With many of us currently spending more time at home than ever before, the Pure Swiss Team would like to share some more of our hero immune boosting essentials to get you through another 7 days of isolation, keeping your skin happy and healthy.

Day 8 - Byonik Purity Cleansing Milk

A gentle yet effective action to remove contaminants from the skin, regenerate, protect and deeply hydrate. Supports cell protection with anti-microbial and anti-viral benefits whilst leaving your skin glowing and silky soft.

Day 9 - Swisscode Pure MPC

Clinically proven to increase the skin's collagen production within 22 hours, improve skin

firmness and elasticity by 33% and reduce the depth of wrinkles by 35%, this is the new at home clinical treatment. Within a month this intensive concentrate will remodel and give way to a more youthful appearance with diminished signs of ageing.

Day 10 - Byonik High Energy Anti-Ageing Complex

An intensive cocktail of powerful anti-ageing peptides combined with long and short chain Hyaluronic acid which revitalize, plump and regenerate. A regular sell out and top hero product. The ideal supplement to replace your regular facials that are out of reach for now. With long term use significant results are visible with skin noticeably firmer with added volume and tone.

Day 11 - Byonik High Energy Collagen Pads

These advanced pure 100% collagen pads target pigmentation, wrinkles, bags, dark circles and puffiness whilst providing an immediate and intense moisture fix for the delicate under eye area. The perfect at home solution to coping with lockdown and self isolation.

Day 12 - Swisscode Bionic Age Control

A powerful synergy of stem cells, minerals and anti-oxidants, this day and night product is highly recommended to supplement and support your skin in between clinical procedures providing nourishment and fuel to boost longevity of results and long term skin health. Your daily vitamin tonic for the skin, three times more powerful than Vitamin C, provides essential energy to make your skin glow from within.

Day 13 - Byonik Supreme View

The perfect stand in whilst on lockdown for improvement to the delicate and sensitive eye area. Clinically proven to promote a positive lifting effect on the upper eyelid, and helps to minimise the appearance of crow's feet and reduce puffiness. Multi-functional and intensive, this potent yet gentle anti-ageing formula for the area around the eyes, rejuvenates and regenerates to firm, improve elasticity and tone.

Day 14 - Byonik Supreme Mask & Nightcare

A lipid and ceramide rich regenerative and intense moisture boost for the ultimate in skin treats. Its rich creamy texture, provides a dual action cell booster for all skin types. With nourishing and anti-inflammatory properties, it regenerates the skin's natural barrier function, improves its moisture balance, reduces fine lines/wrinkles, leaving the skin feeling toned, hydrated and radiant.

Can be used as a weekly mask or as an intensive overnight cream.
